The Board of Education Need a Little Money.

NO MORE SOCIETIES NEED APPLY

The Board Will Allow No One to Use the High School Room Except the Regular Teachers and Scholars—A School For East End.

The board of education consumed two hours in transacting business last night, and when the lights were out and the members gone it had been decided to refuse the university class the use of the high school room, to establish a grammar school in East End if necessary, and to submit a proposition for \$18,000 in bonds at the November election.

All the members were present, and George C. Murphy was formally given the oath of office before the regular session began. J. L. Swan arrived a little later, and passed through the same operation. The minutes of the last meeting were changed a little, and Mr. King and Mr. Duncan, a committee from the Junior Mechanics, presented the board with the newly arrived Bibles. Mr. King explained the delay, and said they had seen no Bible on the board's table and had purchased one for that body. President McGraw accepted the gifts, and hoped the idea of the Mechanics would be carried out.

Homer Laughlin, Jr., appeared in behalf of the university class who had petitioned for the use of the high school. He said the class was composed of 75 persons, a good element of the population. Their object was educational, and that certainly should count in their favor. They knew of no other room so well adapted for their purpose, and they were willing to pay for light or any other reasonable expense.

Mr. McClain said the committee had considered the request, and had decided that granting the privilege would mean extra labor for the janitor, and much inconvenience for the scholars. They recommended the board grant no such privileges.

Mr. Stevenson remarked there had been a time when he did not favor the move, but he had changed his opinion, and moved the board not concur with the report. At this point President McGraw gave the chair to Mr. Vodrey while he conferred with Mr. Sanor, and Mr. Swan seconded the motion Mr. McClain supported the report. He thought it would be a bad precedent to allow public property to be used in that way. There was no law allowing it. Mr. Norris thought it would be as reasonable to give the privilege to all applicants, and they would be continually bothered by other associations. Mr. Swan stood with Mr. Stevenson, and when the vote was taken they were the only members to support the motion.

President McGraw took his chair, and said the committee on placing teachers had decided to pay Miss Harker \$35 a month. Mr. Stevenson wanted to pay her \$45, but the board did not act favorably on his suggestion.

Mr. McClain brought up the East End school. Nothing had been done. Mr. Carmen, of East End, was present, and got the floor. He had canvassed the East End, but no meeting had been held. The people were not willing to pay the rent. At first we were willing to pay the rent because the Central building was open to us if our other plan failed. During the last two weeks the report became prevalent that the school down in the city could take no more scholars. We are taxpayers and have rights. One-half of the people can't afford to send their children to town, and for that reason we are opposed to paying the rent.

Mr. Sanor said 11 scholars could now be accommodated at Central building, but there were 20 or 30 children in East End who were not going to school. If there were only 11 they could be taken care of.

Mr. Stevenson said East End would send 20 scholars to Central building within a week, and demand that the board provide for them. Mr. Sanor suggested that all East End children, who are to attend a grammar school, report at the East End school some day this week, and if there are a sufficient number let the board move quickly and establish the school. Mr. Stevenson reiterated the statement that there were taxpayers in East End, and the board should provide for the children. Mr. Murphy moved the school be established provided there are enough scholars and they can not be admitted to Central building. Mr. Swan seconded, and after the committee were given power to act the motion passed. Mr. Stevenson was added to the committee.

Mr. Swan wanted the tower lighted, and the president explained they had no

power to light it, nor money if they had the power. Mr. Swan said Judge Smith had told him the company would light the clock for \$100 a year and all of October for nothing. Doctor Norris objected to having the board under obligation to any corporation, and the matter was dropped.

President McGraw talked finance. The election was only three weeks away, and if they were to issue bonds they must prepare now. Mr. Norris showed how they owed the banks \$15,000, and the notes were due in January. They would need more money. The Grant street school had eaten up funds, and the East End would need money. Mr. Vodrey moved the proposition to issue \$17,000 in bonds be submitted to the people. Mr. Sanor reminded the board that blackboards and other repairs amounting to \$500 were needed in the buildings, and the amount was increased to include that expense. Mr. McClain suggested they provide for painting and other repairs, and when the motion passed it provided for \$18,000.

Mr. Sanor said they would need report and excuse cards, and a motion that the clerk ask for bids was passed. After placing Mr. Murphy in charge of the Third street building and handing the Sixth street school over to Mr. Swan, the board adjourned.

UNDER NEW LEADERS.

The Eclipse Eleven Will Now Play Football.

The Eclipse football team considered matters of much importance at the meeting last night, and effected a complete reorganization. Manager Stevenson was given his old position, but Robert Hall, Jr., was made captain and Snediker and Taylor coaches. The team will practice regularly, and expect to play the first game with Steubenville one week from Saturday at that place. The game with Bethany has been postponed until later in the season. There is no reason why the team should not be a winner. Among its members are numbered old college players who stood high in the athletics of their schools.

The Rovers will hold a business meeting Thursday evening at the Young Men's Christian association rooms.

The employees of the Specialty have organized an association football team, and are practicing daily.

J. C. MCCLAIN'S POSITION.

He Will Stay Right Here and Pay His Debts.

In speaking of his financial difficulties J. C. McClain said to a reporter: "I was compelled to make the assignment because I could not realize upon my assets. I have not an unkind word for any of my creditors. Had I, by disposition or indolence, brought this about, I would not ask the sympathy of my fellow citizens, but I trust my long business career in this city will protect me from adverse criticism. I expect to remain a citizen of this place, and pay every dollar I owe. The liabilities are about \$4,000, and I have \$8,000 invested in assets which I surrendered. My one desire is to pay all I owe and maintain my integrity as a Christian citizen."

MUCH BUSINESS

Will Be Transacted by Council This Evening.

The regular meeting of council this evening will probably be a lengthy session, as there is a great deal of business to be transacted. The street railway ordinance will come up for its second reading, and will in all probability be placed on its final passage. The Avondale improvement assessment ordinance will be passed, and the regular monthly reports of the city officers will be read. In addition to this a large amount of miscellaneous business will come up for attention.

HE FAILED TO APPEAR.

That Is Why \$500 Was Not Posted on the Election.

A well known business man, who never allows his enthusiasm to get the better of his financial judgment, offered to wager last Saturday that McKinley would be the next president. He said he had \$500 to back his opinion, and had the money with him. He was informed by a Bryan man that he would be around on Monday at 10 o'clock with the amount. The merchant waited, but has almost reached the conclusion that there is no Bryan money in East Liverpool.

GOING TO A MEETING.

Republicans Will Cross the River This Evening.

A number of people from this city will attend the Republican meeting which will be held this evening at the Allison school, in Hancock county. The meeting will be under the auspices of the Atkinson club, and will be addressed by Prosecuting Attorney Robertson and Robert E. Lindsay, of New Cumberland.

BIG BATCH OF BILLS

Claims Committee Spent a Lot of Money.

MR. STEWART AND THE LIGHTS

He Wanted Chief Johnson to Report When an Arc Lamp Falls to Burn—Mr. Pritchard's Bill Was as Usual Laid Over. The Other Claims.

Claims committee met in regular session last evening, and passed a large number of bills. The bill of W. H. Pritchard was laid over as usual, and Solicitor Grosshans handed in an opinion that the city was not liable for the bill of C. H. Birkett and Willard Morris, amounting to \$47.55, which they claimed due for damages. When the electric light bill was reached there was no report from the city marshal as to the number of lights that had been out during the month. This brought forth an objection from Stewart, who said the police should pay more attention to their duties in regard to this matter. The numerous bills of Engineer George brought forth an expression from Ashbaugh, who was of the opinion they should all be filed in one bill, and when one for stakes was reached everybody smiled. Following is the list of bills passed:

J. H. Simms, \$39.41; A. J. Johnson, \$55, sundries, \$5, feeding prisoners, \$10.25; Meador, \$61.25; Jennings, \$61.25; Whan, \$61.25; Earl, \$61.25; A. V. Gilbert, \$62.50; board of health, \$91.57; Clara E. Stewart, \$3; Robert Martin, \$2.63; Union Planing mill, \$30.35; Frank Stevenson, \$8; Commissioner Finley, \$266.50; T. E. Nagle, \$1.20; A. J. Boyce, \$7.55; W. H. Adams, \$5.09; C. B. Ogden, \$2.52; Aaron McDonald, \$55.65; Eagle Hardware company, \$5; Ceramic City Light company, \$503.50; F. E. Grosshans, \$155.75; James N. Hanley, \$53.25; Ed C. Hood, \$3.50; Ruggles, Gale company, \$5; the Electrical Engineer, \$1.25; Harry Yates, \$21.75; Ohio Valley Gas company, \$5.20; Crisis, \$26; NEWS REVIEW, \$18.25; J. Robertson, \$3.10; Isaac Shamp, \$21.50; Robert Hall, \$7.55; J. A. George, \$157.70; salary of fire department, \$410; J. T. Smith Lumber company, \$36.38; Cooper & Co., \$32.31; Robbins Electrical company, \$5.30; Purinton & Shawke, \$29.50; Kinsey Plumbing company, \$2.65; C. Metsch, \$25; East Liverpool Coal company, \$24.10; C. T. Larkins, \$5.25; C. H. McPherson, \$12.85; J. A. Patterson, \$29.33.

A PLAN.

Councilman Ashbaugh Would Build a Foot Bridge.

Councilman Ashbaugh last evening made a proposition to the chairman of the street committee which if accepted will do away with numerous complaints from West End residents. The children from that section of the city who attend the Sixth street school are in the habit of crossing Tanyard run at Mill street, thus taking a short cut instead of going around by way of Franklin street. There is no bridge over the run at Mill street, and the children get across as best they can. The proprietors of the West End pottery say that if lumber is furnished they will put up a substantial foot bridge with a side railing. The place is very dangerous in winter, and it is probable the offer will be accepted.

NO REDUCTION.

A. H. Clark Wants the Full Amount of His Bill.

The committee appointed by council to confer with Ex-Solicitor Clark to see if they could not induce him to make some reduction in the bill rendered by him for services to the city during his term of office, met yesterday afternoon and went over the bill. They asked Mr. Clark if he would be willing to accept a reduction, and he said he would not. This settled the work of the committee, and they will probably send the bill back to council without any suggestions.

STRICKEN BY PARALYSIS.

John Hulse, a Potter, Was Attacked While at Work.

John Hulse, a turner employed at the East End pottery, was stricken with paralysis of a mild form while at work this morning. A physician was hurriedly summoned who said the attack was not dangerous. The patrol was called, and Hulse conveyed to his home in West End. He will be able to attend to his usual work in a few days. The happening caused excitement for a few minutes.

THE END IS NEAR.

Another Day Passes Without New Diphtheria Cases.

Sanitary Policeman King today fumigated the houses of William Wool-

maker and Francis Hune, where members of the family have been suffering with diphtheria. This leaves but three cases of the dread disease in the city and but one of scarlet fever. Too much credit cannot be given the health authorities for the vigorous manner with which they have battled with the disease, and as there has not been a case reported for several days it looks as though the city will be free from diphtheria before the end of the week.

A BASKET OF BREAD.

It Was Distributed by the Township Trustees.

A large basket of bread was donated to the township trustees yesterday afternoon, and distributed by them to several needy families, where it was thankfully received.

Last evening a tramp applied to them for assistance, but as he looked like a walking saloon sign he was given a loaf of bread, and told to move on.

This morning Mrs. Kinney and child, of Georgetown, Pa., called at the office and asked for aid, but the trustees informed her she was in the wrong state, and they could do nothing for her. Trustee Albright took pity on the woman, and gave her some money out of his own pocket.

A BIG GAIN.

Third Precinct of the First Ward Is Republican.

The poll of the city now being made by direction of the central committee is showing a Republican increase far beyond the wildest expectations of the most sanguine Republicans. The figures for the Third precinct, First ward, have been completed, and show the following: McKinley, 58; Bryan, 9; Leavering, 1. It is said by those who ought to know, that other wards are showing a similar gain.

FURNISHED LIQUOR.

John Clark, Not a Saloonkeeper, Is So Charged.

Officer Meador last evening arrested John Clark at his home on lower Second street, on a charge of furnishing liquor to minors, which was found at the recent session of the grand jury. He was confined in the city jail last night, and was taken to Lisbon this morning. The case is a peculiar one, inasmuch as Clark is not a saloonkeeper, but is charged with purchasing a keg of beer for some boys who had congregated on the river bank.

A NARROW ESCAPE.

Ben Cline Caught a Rope Not a Moment Too Soon.

Ben Cline, a bridge employee had a narrow escape from death this morning. Cline, seated on the carriage was at work removing a hanger from the cable midway between the towers. Suddenly the wire from which the conveyance was suspended became slack, and Cline felt himself falling. The carriage dropped several feet, and had not its occupant grasped a rope he undoubtedly would have been pitched out and down into the river.

A CONGRESSIONAL CANDIDATE.

We Have One Right Here in East Liverpool.

J. L. Swan this morning received word that he had been nominated as a candidate for congress on the Prohibition ticket by the district convention, which met Thursday last at Canton. The gentleman accepted the nomination, and says if he is elected he will serve. There is, however, doubt that he will be called upon to serve his district for sometime to come, as Hon. R. W. Taylor will be returned by an overwhelming majority.

MRS. MACKEY COMPLAINED.

She Wants the Money Paid With Regularity.

Mrs. Mackey, who once conducted a saloon at the intersection of Broadway and Washington street and secured a divorce from her husband, Thomas Mackey, has a grievance. The court allowed her a reasonable amount of alimony, which Thomas for a time paid with regularity. In recent months, Mrs. Mackey alleges, she has received no money, and she notified the court yesterday.

HIT WITH A BRICK.

Martin Did Not Like Kelly and Hurt Him.

A number of small boys became involved in a quarrel in Wucherer addition last evening, and before the affair terminated one lad was severely hurt. Ed Kelly asked a lad named Martin for some nuts, and Martin refused. A few warm words followed, and in a heat of passion Martin hurled a brick at Kelly, striking him on the shoulder, and making a severe bruise.

ASKED FOR A GUARDIAN

Mrs. Mackall Wants One For Her Husband.

STREET RAILWAY SUEB AGAIN

The Man Who Went Over the Hill at Brady's Would Like a Few Thousands Saloon Men Say They Are Innocent—A Few Cases Settled.

Lisbon, Oct. 13.—[Special]—The real condition of A. R. Mackall, the well known East Liverpool attorney who is now in the insane asylum at Newburg, was made public today by the application in probate court for a guardian to look after his personal affairs. The document was signed by Mrs. Mackall, and will be heard next Saturday. The unfortunate man has been in Newburg for several months, and it was hoped that he would eventually recover.

OUT OF COURT.

Several Cases Were Dismissed and Settled.

Lisbon, Oct. 13.—[Special]—In common pleas court the case of E. E. Reed against George Rice, recently appealed from a court in Columbiana, was dismissed.

The action of H. H. Moore against J. H. Wood, to recover on a note, was settled out of court.

Sheriff Gill appointed Bert Eds a deputy sheriff for one year, and Judge Smith approved the appointment.

A divorce was given Henry Woods from his wife, Eva Woods. They were married three years ago, and live in Columbiana.

Margaret Selger sued W. J. Betz for \$459.10, the amount of a note, and the Christian church of Wellsville was allowed to borrow \$4,000 to pay its debts.

Two two actions filed by William S. Mears & Son against I. N. Crable were heard yesterday afternoon, and verdicts were given the plaintiff. The first was for \$283.38 and the second for \$233.76.

ASKED A FEW THOUSANDS.

Another Suit Against the Street Railway Company.

Lisbon, Oct. 13.—[Special]—The East Liverpool and Wellsville street railway will have to defend another suit for damages, a \$5,000 claim having been made today.

Larrison S. McLain is the claimant. He says he was driving on the road between East Liverpool and Wellsville on the morning of Sept. 3. In a narrow part of the road he met a car, and his horse becoming frightened went over the hill. He lays all the responsibility at the door of the motorman in having approached when he saw the road was narrow, and it was impossible for McLain to prevent an accident. When the horse scared it backed over the hill, and fell 70 feet or more. The animal was severely hurt, and McLain was caught under the wagon, two of his ribs broken and other injuries received.

ALL INNOCENT

So Say a Number of Saloonkeepers in Court.

Lisbon, Oct. 13.—[Special]—The following saloon men, against whom indictments were found by the grand jury, were arraigned in court yesterday afternoon and declared their innocence.

King Harker, selling to minor; Frank Riggott, five indictments, same offense; Lou Leichenstein, Lisbon, furnishing minor; George Noble, Wellsville, selling to habitual; Chas. Deville, Dunganon, selling to habitual; Allen Rutter, Gust Ville, John Fines, Salem, selling to habitual; Ellen McKeefry, Leetonia, selling on Sunday. The other indicted parties who are now in custody were also arraigned, and plead not guilty.

APPOINTED A MARSHAL.

W. H. Surles Will Lead the Veterans in Parade.

The central committee arranged for the big meeting next Monday at the regular session last night. As announced in the NEWS REVIEW a platform will be erected on Broadway, and the union generals will talk there if the weather is fine. Hon. R. W. Taylor will be the first speaker. W. H. Surles, president of the Union Veteran Patriotic league, will be the chief marshal.

THEIR WORK IS DONE.

The Wire Workers Have Finished All Strands.

The strands for the bridge cables have been finished, and this morning workmen began tearing up the dead men who have been so serviceable. The second cable will be in position before Saturday, and the process of wrapping will consume about three weeks. As soon as it is completed the roadway will proceed rapidly.

That Is Why \$500 Was Not Posted on the Election.

A well known business man, who never allows his enthusiasm to get the better of his financial judgment, offered to wager last Saturday that McKinley would be the next president. He said he had \$500 to back his opinion, and had the money with him. He was informed by a Bryan man that he would be around on Monday at 10 o'clock with the amount. The merchant waited, but has almost reached the conclusion that there is no Bryan money in East Liverpool.

GOING TO A MEETING.

Republicans Will Cross the River This Evening.

A number of people from this city will attend the Republican meeting which will be held this evening at the Allison school, in Hancock county. The meeting will be under the auspices of the Atkinson club, and will be addressed by Prosecuting Attorney Robertson and Robert E. Lindsay, of New Cumberland.

BIG BATCH OF BILLS

Claims Committee Spent a Lot of Money.

MR. STEWART AND THE LIGHTS

He Wanted Chief Johnson to Report When an Arc Lamp Falls to Burn—Mr. Pritchard's Bill Was as Usual Laid Over. The Other Claims.

Claims committee met in regular session last evening, and passed a large number of bills. The bill of W. H. Pritchard was laid over as usual, and Solicitor Grosshans handed in an opinion that the city was not liable for the bill of C. H. Birkett and Willard Morris, amounting to \$47.55, which they claimed due for damages. When the electric light bill was reached there was no report from the city marshal as to the number of lights that had been out during the month. This brought forth an objection from Stewart, who said the police should pay more attention to their duties in regard to this matter. The numerous bills of Engineer George brought forth an expression from Ashbaugh, who was of the opinion they should all be filed in one bill, and when one for stakes was reached everybody smiled. Following is the list of bills passed:

J. H. Simms, \$39.41; A. J. Johnson, \$55, sundries, \$5, feeding prisoners, \$10.25; Meador, \$61.25; Jennings, \$61.25; Whan, \$61.25; Earl, \$61.25; A. V. Gilbert, \$22.50; board of health, \$91.57; Clara E. Stewart, \$3; Robert Martin, \$2.63; Union Planing mill, \$30.35; Frank Stevenson, \$3; Commissioner Finley, \$266.50; T. E. Nagle, \$1.20; A. J. Coyne, \$7.55; W. H. Adams, \$3.09; C. B. Ogden, \$2.52; Aaron McDonald, \$55.65; Eagle Hardware company, \$53.80; Ceramic City Light company, \$503.50; F. E. Grosshans, \$155.75; James N. Hanley, \$53.25; Ed C. Hood, \$3.50; Ruggles, Gale company, \$3; the Electrical Engineer, \$1.25; Harry Yates, \$21.75; Ohio Valley Gas company, \$3.20; Crisis, \$26; News Review, \$18.25; J. Robertson, \$3.10; Isaac Stamp, \$21.50; Robert Hall, \$7.35; J. A. George, \$157.70; salary of fire department, \$410; J. T. Smith Lumber company, \$36.38; Cooper & Co., \$32.31; Robbins Electrical company, \$5.30; Parinton & Shawko, \$29.50; Kinsey Plumbing company, \$2.65; C. Metsch, \$25; East Liverpool Coal company, \$24.10; C. T. Larkins, \$5.25; C. H. McPherson, \$12.85; J. A. Patterson, \$29.33.

A PLAN.

Councilman Ashbaugh Would Build a Foot Bridge.

Councilman Ashbaugh last evening made a proposition to the chairman of the street committee which if accepted will do away with numerous complaints from West End residents. The children from that section of the city who attend the Sixth street school are in the habit of crossing Tanyard run at Mill street, thus taking a short cut instead of going around by way of Franklin street. There is no bridge over the run at Mill street, and the children get across as best they can. The proprietors of the West End pottery say that if lumber is furnished they will put up a substantial foot bridge with a side railing. The place is very dangerous in winter, and it is probable the offer will be accepted.

NO REDUCTION.

A. H. Clark Wants the Full Amount of His Bill.

The committee appointed by council to confer with Ex-Solicitor Clark to see if they could not induce him to make some reduction in the bill rendered by him for services to the city during his term of office, met yesterday afternoon and went over the bill. They asked Mr. Clark if he would be willing to accept a reduction, and he said he would not. This settled the work of the committee, and they will probably send the bill back to council without any suggestions.

STRICKEN BY PARALYSIS.

John Hulse, a Potter, Was Attacked While at Work.

John Hulse, a turner employed at the East End pottery, was stricken with paralysis of a mild form while at work this morning. A physician was hurriedly summoned who said the attack was not dangerous. The patrol was called, and Hulse conveyed to his home in West End. He will be able to attend to his usual work in a few days. The happening caused excitement for a few minutes.

THE END IS NEAR.

Another Day Passes Without New Diphtheria Cases.

Sanitary Policeman King today fumigated the houses of William Wool-

maker and Francis Hune, where members of the family have been suffering with diphtheria. This leaves but three cases of the dread disease in the city and but one of scarlet fever. Too much credit cannot be given the health authorities for the vigorous manner with which they have battled with the disease, and as there has not been a case reported for several days it looks as though the city will be free from diphtheria before the end of the week.

A BASKET OF BREAD.

It Was Distributed by the Township Trustees.

A large basket of bread was donated to the township trustees yesterday afternoon, and distributed by them to several needy families, where it was thankfully received.

Last evening a tramp applied to them for assistance, but as he looked like a walking saloon sign he was given a loaf of bread, and told to move on.

This morning Mrs. Kinney and child, of Georgetown, Pa., called at the office and asked for aid, but the trustees informed her she was in the wrong state, and they could do nothing for her. Trustee Albright took pity on the woman, and gave her some money out of his own pocket.

A BIG GAIN.

Third Precinct of the First Ward Is Republican.

The poll of the city now being made by direction of the central committee is showing a Republican increase far beyond the wildest expectations of the most sanguine Republicans. The figures for the Third precinct, First ward, have been completed, and show the following: McKinley, 58; Bryan, 9; Leavering, 1. It is said by those who ought to know, that other wards are showing a similar gain.

FURNISHED LIQUOR.

John Clark, Not a Saloonkeeper, Is So Charged.

Officer Meador last evening arrested John Clark at his home on Lower Second street, on a charge of furnishing liquor to minors, which was found at the recent session of the grand jury. He was confined in the city jail last night, and was taken to Lisbon this morning. The case is a peculiar one, inasmuch as Clark is not a saloonkeeper, but is charged with purchasing a keg of beer for some boys who had congregated on the river bank.

A NARROW ESCAPE.

Ben Cline Caught a Rope Not a Moment Too Soon.

Ben Cline, a bridge employee had a narrow escape from death this morning. Cline, seated on the carriage was at work removing a hanger from the cable midway between the towers. Suddenly the wire from which the conveyance was suspended became slack, and Cline felt himself falling. The carriage dropped several feet, and had not its occupant grasped a rope he undoubtedly would have been pitched out and down into the river.

A CONGRESSIONAL CANDIDATE.

We Have One Right Here in East Liverpool.

J. L. Swan this morning received word that he had been nominated as a candidate for congress on the Prohibition ticket by the district convention, which met Thursday last at Canton. The gentleman accepted the nomination, and says if he is elected he will serve. There is, however, doubt that he will be called upon to serve his district for sometime to come, as Hon. R. W. Taylor will be returned by an overwhelming majority.

MRS. MACKAY COMPLAINED.

She Wants the Money Paid With Regularity.

Mrs. Mackey, who once conducted a saloon at the intersection of Broadway and Washington street and secured a divorce from her husband, Thomas Mackey, has a grievance. The court allowed her a reasonable amount of alimony, which Thomas for a time paid with regularity. In recent months, Mrs. Mackey alleges, she has received no money, and she notified the court yesterday.

HIT WITH A BRICK.

Martin Did Not Like Kelly and Hurt Him.

A number of small boys became involved in a quarrel in Wucherer addition last evening, and before the affair terminated one lad was severely hurt. Ed Kelly asked a lad named Martin for some nuts, and Martin refused. A few warm words followed, and in a heat of passion Martin hurled a brick at Kelly, striking him on the shoulder, and making a severe bruise.

ASKED FOR A GUARDIAN

Mrs. Mackall Wants One For Her Husband.

STREET RAILWAY SUEB AGAIN

The Man Who Went Over the Hill at Brady's Would Like a Few Thousands

Saloon Men Say They Are Innocent—A Few Cases Settled.

LISBON, Oct. 13.—[Special]—The real condition of A. R. Mackall, the well known East Liverpool attorney who is now in the insane asylum at Newburg, was made public today by the application in probate court for a guardian to look after his personal affairs. The document was signed by Mrs. Mackall, and will be heard next Saturday. The unfortunate man has been in Newburg for several months, and it was hoped that he would eventually recover.

OUT OF COURT.

Several Cases Were Dismissed and Settled.

LISBON, Oct. 13.—[Special]—In common pleas court the case of E. E. Reed against George Rice, recently appealed from a court in Columbiana, was dismissed.

The action of H. H. Moore against J. H. Wood, to recover on a note, was settled out of court.

Sheriff Gill appointed Bert Eells a deputy sheriff for one year, and Judge Smith approved the appointment.

A divorce was given Henry Woods from his wife, Eva Woods. They were married three years ago, and live in Columbiana.

Margaret Selger sued W. J. Betz for \$459.10, the amount of a note, and the Christian church of Wellsville was allowed to borrow \$4,000 to pay its debts.

Two two actions filed by William S. Mears & Son against L. N. Crable were heard yesterday afternoon, and verdicts were given the plaintiff. The first was for \$283.88 and the second for \$223.76.

ASKED A FEW THOUSANDS.

Another Suit Against the Street Railway Company.

LISBON, Oct. 13.—[Special]—The East Liverpool and Wellsville street railway will have to defend another suit for damages, a \$5,000 claim having been made today.

Larrison S. McLain is the claimant. He says he was driving on the road between East Liverpool and Wellsville on the morning of Sept. 3. In a narrow part of the road he met a car, and his horse becoming frightened went over the hill. He lays all the responsibility at the door of the motorman in having approached when he saw the road was narrow, and it was impossible for McLain to prevent an accident. When the horse scared it backed over the hill, and fell 70 feet or more. The animal was severely hurt, and McLain was caught under the wagon, two of his ribs broken and other injuries received.

ALL INNOCENT

So Say a Number of Saloonkeepers in Court.

LISBON, Oct. 13.—[Special]—The following saloon men, against whom indictments were found by the grand jury, were arraigned in court yesterday afternoon and declared their innocence.

King Harker, selling to minor; Frank Riggott, five indictments, same offense; Lou Leichenstein, Lisbon, furnishing minor; George Noble, Wellsville, selling to habitual; Chas. Deville, Dunganon, selling to habitual; Allen Rutter, Gast Ville, John Fines, Salem, selling to habitual; Ellen McKeefry, Leetonia, selling on Sunday. The other indicted parties who are now in custody were also arraigned, and plead not guilty.

APPOINTED A MARSHAL.

W. H. Surles Will Lead the Veterans in Parade.

The central committee arranged for the big meeting next Monday at the regular session last night. As announced in the NEWS REVIEW a platform will be erected on Broadway, and the union generals will talk there if the weather is fine. Hon. R. W. Taylor will be the first speaker. W. H. Surles, president of the Union Veteran Patriotic league, will be the chief marshal.

THEIR WORK IS DONE.

The Wire Workers Have Finished All Strands.

The strands for the bridge cables have been finished, and this morning workmen began tearing up the dead men who have been so serviceable. The second cable will be in position before Saturday, and the process of wrapping will consume about three weeks. As soon as it is completed the roadway will proceed rapidly.

EAST LIVERPOOL, people, who know the

unreliability of Henry George as a cam-

paign correspondent, will take little stock

in the charges he makes against the

labor leaders who have declared for Mc-

Kinley and honesty.

THE PEOPLE ARE THINKING.

"It is not necessary at this time," said

Mr. Bryan in a recent speech, "to dis-

cuss the tariff." If this knight errant of

politics, as his oratorical friends please

to style him, should drop into the manu-

facturing districts of the country long

enough to hear someone other than him-

self discuss the matter he would find

that he errs in this view of the situation

as he errs in all other things. It is nec-

essary to discuss the tariff—that is, if he

has any side of the tariff to discuss—for

the people have awakened from the delu-

sion of silver. The real cause of the

hard times is apparent; the only cure is

already making its influence known. A

few months ago, soon after Mr. Bryan

had sacrilegiously paraded his crown of

thorns and his cross of gold before an

adoring audience in Chicago, the peo-

ple were blinded. They heard so much

of silver; they swallowed so much of

what they heard that little attention

was paid to the one great issue, the lo-

gical question to be settled at the polls.

But silver is a fleeting doctrine, an argu-

ment soon worn out. After the surface

had been penetrated, when the people

had time to go deep into the question,

the purpose of the agitation for free

coinage was made known. They hesi-

tated, wavered, and then took up the po-

litical campaign where the thread was

dropped a few months before Teller and

his fellow plotters played the first act of

the greatest conspiracy of the century. The

people thought; the people are thinking

today, and when the American people

look carefully into any matter of mo-

ment they can be relied upon to cast

their lot with the right.

Mr. Bryan is a free trader. His party

always did and always will favor the

policy that made paupers of thousands

of English workmen and transformed

thousands of happy homes into homes of

despair. Mr. Bryan has stated in con-

gress that American industries and

American workmen should not have the

GOOD NEWS TO TELL.

Advance In Venezuelan Dispute

to Report to Congress.

ARBITRATION STILL LAGGING.

Differences of Larger Magnitude Than

In the Boundary Trouble—Sir Julian

Paucaforte Has Made Great Progress

While in London the Last Summer.

WASHINGTON, Oct. 13.—There is every

indication that the administration

hopes to be able by the time congress

meets again to report a sensible advance

in the negotiations concerning the Ven-

ezuelan boundary question, though it

scarcely can be said that there is an ex-

pectation of a final settlement of the

dispute by that date. It was under-

stood when the British ambassador

went home on leave of absence it was

the purpose of the opportunity to confer

with Sir Julian, and it was presumed

that when Lord Salisbury became ac-

quainted with the re-entertainment of the

people of the United States and the fact

that in this matter the administration

can count on unanimous support, and

that there was little hope of a change

in the attitude of the government what-

ever the outcome of the pending elec-

tions, he might be disposed to go fur-

ther towards meeting Secretary Olney than

at first seemed likely.

Since Sir Julian has been in London

word has come of several conferences

between himself and Lord Salisbury,

and it is finally expected that when he

returns to Washington he will be

charged with authority to offer com-

promise proposals, which may, in the

end, prove to be the basis for a final

settlement of the troublesome bound-

ary dispute. It is expected, too, that

the Venezuelan boundary commission

will have agreed upon its report before

congress meets, and the conclusion

reached may very properly be used

with great weight by Secretary Olney to

sustain his position.

As to the other question, relating to

the negotiation of a general arbitration

treaty it is believed that not so much

progress will be made as in the settle-

ment of the boundary question, for the

differences disclosed to exist between

the two governments appear to be of

larger magnitude than the issues in-

volvement in the boundary question, which

after all are largely matters of fact.

NOW IN THE COURTS.

Protest of New York Silver Democrats

Upheld by One Judge.

NEW YORK, Oct. 13.—In the supreme

court of Kings county Judge Clement

has decided in favor of the Democratic

county committee's protest against the

use, upon the official ballot, of the de-

signa-tion "National Democratic" by the

gold standard Democrats and Shep-

ard faction of the party. In his opinion

Judge Clement says that "the political

party name of the National Democratic

party is so faintly the same as the

name Democratic party and infringes

upon the right of the use thereof by the

political party known as the regular

Democratic party.

The matter will at once be taken be-

fore the appellate division for further

argument. At the board of elections

several days ago the commissioners re-

fused to put the names of the Shep-

ard party nominees on the ballots under

the head of the National Democratic

party. A writ of mandamus is applied for

to compel the commissioners to do so.

LINCOLN, Neb., Oct. 13.—A. R. Tal-

has given out the following signed state-

ment:

"I see that it is stated in the press re-

ports that I have 'bolted' Mr. Bryan, my

law partner, now candidate for presi-

dent on the Democratic ticket. I have

always been, and am now, a Republi-

can, but no man has a greater admira-

tion or higher regard for Mr. Bryan

than I have. His honesty, integrity

and patriotism cannot be questioned. I

have not 'bolted' Mr. Bryan and any

statement to that effect is untrue.

withstanding reports to the contrary,

no actual information has been received

here that the alleged filibustering tug

Dauntless has succeeded in landing its

cargo on Cuban shores, although it has

had time to do so since it left Palm

Beach last Friday night. The Daunt-

less, when she left here it is believed

undoubtedly started on another filib-

ustering expedition, and government

officials in Jacksonville say they will

make it hot for the little boat when it

returns. The cruiser Newark has resumed

its vigilance over filibusters. The revenue

cutter Morrill and Boutwell are in this

port and the Winona is in the vicinity

of Biscayne Bay, but with all their vigi-

lance the Cubans manage to send fil-

ibustering craft to Cuba at intervals.

THE CZARINA AROUSED.

She Will Do All She Can For the Poor

Armenians.

LONDON, Oct. 13.—The czarina, pre-

vious to leaving Balmoral castle for

France, received a delegation of ladies

who called upon her to ask for her sup-

port for the suffering Armenians. The

audience, however, was granted on the

condition that nothing should be said

regarding it until her majesty left En-

gland.

The delegation, it appears, urged the

czarina to do something to stay the

hand of the sultan, and her majesty re-

plied that so far she had interfered but

little in politics, although she was ready

to do all in her power to help bring

about a crusade against the existing

conditions at Constantinople, adding:

"A more womanly or christian action

than helping to alleviate the sufferings

of the poor Armenians is hardly con-

ceivable. Rest assured of my heartfelt

interest in the cause you have at heart."

Bryan, has given out the following signed statement: "I see that it is stated in the press reports that I have 'bolted' Mr. Bryan, my law partner, now candidate for president on the Democratic ticket. I have always been, and am now, a Republican, but no man has a greater admiration or higher regard for Mr. Bryan than I have. His honesty, integrity and patriotism cannot be questioned. I have not 'bolted' Mr. Bryan and any statement to that effect is untrue. (Signed) 'A. R. TALBOT.'"

Embassador Bayard Tells.

WILMINGTON, Del., Oct. 13.—In a letter to Samuel Bancroft, Jr., editor of Every Evening, the Hon. Thomas F. Bayard, United States ambassador to Great Britain, has repudiated the platform and nominees of the Democratic national convention held at Cincinnati, and has declared that he will vote at the approaching presidential election for Messrs. Palmer and Buckner, the nominees of the Indianapolis convention.

SORE MOUTH.

his is an extremely painful disease, often lasting for weeks when only the ordinary remedies are used. Those who have suffered from Sore Mouth can best understand the value of a remedy by the use of which the worst case of Sore Mouth is

INSTANTLY RELIEVED.

This is just what Tonsiline, that wonderful Sore Throat remedy, does. Not only does the first dose give relief, but again a very few doses are given the worst Sore Mouth is

CURED.

Read what a well-known citizen of East Palestine, O., says about Tonsiline:

EAST PALESTINE, O., Jan. 8, 1896.

The Tonsiline Co.

During the past 13 years I have frequently suffered from a very severe and painful form of Ulcerated Sore Mouth. Tonsiline is the only remedy for this most distressing ailment.

Tonsiline works like magic, relieving at once, and curing very quickly. I have also used Tonsiline in my family for Croup and Sore Throat and can freely commend it as a needed family remedy.

CAN'T STOP FILIBUSTERING.

Vessels Leave Jacksonville in Spite of the Government Ships.

JACKSONVILLE, Fla., Oct. 13.—Notwithstanding reports to the contrary, no actual information has been received here that the alleged filibustering tug Dauntless has succeeded in landing its cargo on Cuban shores, although it has had time to do so since it left Palm Beach last Friday night. The Dauntless, when she left here it is believed undoubtedly started on another filibustering expedition, and government officials in Jacksonville say they will make it hot for the little boat when it returns. The cruiser Newark has returned off the St. Johns bar, resuming its vigilance over filibusters. The revenue cutters Merrill and Boutwell are in this port and the Winona is in the vicinity of Biscayne Bay, but with all their vigilance the Cubans manage to send filibustering craft to Cuba at intervals.

THE CZARINA AROUSED.

She Will Do All She Can For the Poor Armenians.

LONDON, Oct. 13.—The czarina, previous to leaving Balmoral castle for France, received a delegation of ladies who called upon her to ask for her support for the suffering Armenians. The

The Czarina, Who Will Interfere For the Armenians.

audience, however, was granted on the condition that nothing should be said regarding it until her majesty left England.

The delegation, it appears, urged the czarina to do something to stay the hand of the sultan, and her majesty replied that so far she had interfered but little in politics, although she was ready to do all in her power to help bring about a crusade against the existing conditions at Constantinople, adding: "A womanly or christian action than helping to alleviate the sufferings of the poor Armenians is hardly conceivable. Rest assured of my heartfelt interest in the cause you have at heart."

W. C. T. U. Convention.

PITTSBURGH, Oct. 13.—At the fourth day's session of the twenty-second annual convention of the Pennsylvania Women's Christian Temperance union the president announced that any member of the association who desired or was willing to furnish a home for Armenian refugees should notify her. Officers were elected as follows: President, Mrs. Hammer; recording secretary, Mrs. Pond-Ames; treasurer, Mrs. Woods; corresponding secretary, Mrs. H. Francis Jones; vice president-at-large, Mrs. Hill; assistant recording secretary, Mrs. Hubbard.

LASHED BY A MAD SEA.

Hurricane Played Havoc on the Atlantic Coast.

THE SUMMER RESORTS SUFFERED.

Hotels and Cottages Either Carried Away or Damaged—Piers Injured. Highest Tide for Years—Fearfully High Winds.

NEW YORK, Oct. 13.—The hurricane has continued to sweep over this section of the country, the wind blowing with terrific force, reaching at Sandy Hook a velocity of 75 miles an hour. The tides rose to a height many feet greater than has been seen for years, and the waves all along the Atlantic coast swept in with a force that carried everything before them and did damage to the amount of many hundreds of thousands of dollars. Sandy Hook and points along the Jersey coast felt the fury of the storm most of all, but Coney Island experienced, so far as has yet been learned, the most direful results. The beaches were swept clean, pavilions were overturned and carried seaward, bathing houses and board walks, everything not far inland on the famous island was torn up and piled high beyond the coast line or were carried out to sea. At Brighton Beach the stone walks in front of the hotel were under water, and famous Seidl concert hall was inundated and partially carried away. The well kept lawns in front of the Oriental hotel and Manhattan Beach hotel were laid waste and the lower portions of the hotels flooded. Innumerable small buildings were simply picked up bodily and carried away by wind or waves.

At Far Rockaway, the fury of the gale was indescribable. Those houses which were built on piles in sand were washed away, and those higher up, which for years have been out of reach of the highest tides, were flooded. Along the Jersey coast most of the damage done was to piers and to breakwaters. Preparations had been made, as forewarnings of the storm had been given some days before. As yet very little damage to shipping has been reported, for on account of warnings many crafts delayed sailing and others that had cleared returned for a safe anchorage.

THE BANDIT MAY BE LYNCHED.

There is a notion in some quarters that we need to bring about prosperity through money. I do not believe it would be any more free cologne to you than to him. The workman to be just one way to earn money to get it, and that is the way for the farmer to get it, and that would be to sell his products. There would be just one way for the merchant to get it—the good old-fashioned way—would be to sell his goods at a profit and give the something for the money. That is the only way you could get it. Besides, did it ever occur to you that money does not make work to you any more than money makes work to me. There is just as much money in this country today as there was in 1870 to 1880 and more; but what is the trouble? [Cries, "no work, no money."] Yes, no work. I do not think that money is in circulation. Money does not seem to be idle any more than labor does. I want the man who has nothing and the only way to be earning money is to work. If the man who does not work now, is because he does not have the money, let us get it back in the form of currency. And when he gets it out and it does not circu-

the East End pottery is getting out a dinner shape which, when completed, will be adorned by some very fine decorations, and will be one of the loveliest dinner sets ever put on the market, and will undoubtedly find a ready sale. The plant still has a large number of orders ahead, and is running at its fullest capacity.

Aged Statesman Headed a Delegation to Canton.

A FINE SPEECH BY MCKINLEY.

He Talked to a Great Delegation From Roscoe and the Monongahela Valley, Pa.—Declared Free Silver Would Not Bring Prosperity—His Speech.

CANTON, O., Oct. 13.—The first delegations of the week came in one special train of 11 coaches, which reached here shortly before 1 o'clock. The party came from Roscoe and the Monongahela valley of Pennsylvania, and was made up of citizens representing the various interests of that locality. They were very enthusiastic and organized with two marching clubs, mostly uniformed. Several bands and a colored glee club furnished the music. Owing to rain the delegation was taken to the Tabernacle, where Major McKinley responded to the introductory address of the venerable George V. Lawrence, ex-member of congress and an octogenarian.

Major McKinley said:

It gives me sincere pleasure to meet at my home citizens of Fayette, Washington and Westmoreland counties, Pa., and make acknowledgment of their friendly visit. It has been a source of pleasure to me to meet my old friend and colleague in the national house of representatives, your venerable spokesman, Mr. Lawrence. I always found him voting for right things and for the supremacy of Republican principles and their embodiment into public law. Western Pennsylvania is filled with many proud and historic memories. It registers the birthplace of a statesman and great secretary of state, James G. Blaine. It is very gratifying for me to receive from the hands of the Fayette club this beautiful pine, made of the wood from Mr. Blaine's home in which he was born at Brownsville, and I assure you that it shall always be preserved in my family and kept as a precious souvenir. You are fortunate, too, in having at one time among your citizens of Fayette county that illustrious financier, Albert Gallatin, who became the first secretary of the treasury under Thomas Jefferson in 1801, and who filled that office for 12 years and is known in the history of our country as one of the greatest secretaries we ever had, ranking with Alexander Hamilton. He was a member of your legislature and your county, a member of the national house of representatives from western Pennsylvania, for a brief period in the senate of the United States and was then called to fill the great office of secretary of the treasury. It is said that the first resolution he introduced as congressman in the national house of representatives was a resolution inquiring about the condition of the treasury—a resolution that is not needed at this time. He was distinguished for his always insisted that the revenues of the government should be adequate at all times to meet the public expenditures; and one of the greatest monuments that he left is that during his administration as secretary of the treasury he reduced the national debt from \$85,000,000 in 1802 to about \$10,000,000 in 1812. It was his proud boast when he made his report to congress that this wonderful reduction of the public debt had gone on without resorting to internal taxation, either direct or indirect, but that this great amount of money was provided for by duties on imports. This bit of history suggests the condition of our own treasury and the condition of our own people.

For three years and a half the government has been borrowing money to live upon, and the people have been doing likewise very largely. We want, my fellow citizens, somehow to stop that, both as to government and to people, that may not be able to do it on their own. We are sick it takes a long time to recover our normal vitality. But there ought to be no question that there rests upon the American people and those in charge of public affairs to adopt some policy and that right policy, which would first provide enough money to run the government of the United States. We ought not to resort to the issuing of bonds in time of peace, except to preserve the credit and honor of the government. That opens up the question as to what policy will save us from that. A protective policy? I do not know of anything that will do it better than protection, for it is a proud fact in American history that in all the years, at least for the past part, under which we have had a protective tariff, we have always had ample revenues to conduct the expenses of the government. Now that policy which is one of the most important acts for the people to perform. They cannot perform it, however, without a Republican congress and a Republican administration. The only power that can make a protective tariff congress resides in the American people, and the only power that can make a protective tariff administration resides in the American people. I shall devote three weeks from tomorrow in every part of the country, will determine whether or not that policy shall be the answer for the next four years. Shall we answer be, men of Pennsylvania? (Cries of "for McKinley and protection.") My friends, I am in favor of that policy for one reason—because more than any other adequate revenue for the government, it encourages the industries and old valley, to the American people. Your referred so eloquently as back as in the days of Henry Clay, was pointed to as the policy of the magnificent blessing of a protective tariff. This splendid and remarkable development has been the result, first, as Mr. Lawrence has said, the policy which has encouraged the energy and activity and genius and skill of the American people to develop these great resources of wealth which nature has so bountifully provided.

There is a notion in some quarters that free silver. I do not believe it would be a free under free coinage to you, that it would be just one way for the workingman to get it, and that it would be just one way for the merchant to get it—the good old-fashioned way—counter and give something for his money. That is the only way you could get it if we coined all the silver of the world. Besides, did it ever occur to you that money does not make work? Money does not make work. There is just as much money in this country today as there was the trouble? (Cries of "no work, no money.") Yes, no work, no money. It is work that wants to be idle any more that labor wants to be idle. The man who has something and the only reason he does not put it out now is because he is afraid it will never get back or get it back in a devalued currency. And when he does not put it out and it does not circu-

late, then there is no work. When you have idle men and idle money, distress and suffering prevail. Now I do not know what you think about it, but I think that you cannot have money too good. When a miner has performed a week's work—I do not know how long it has been since he has performed a full week's work—when the miner in the mines and the glassblower in the glass works and the workmen in any occupation has performed his labor for six days, does it not? (Cries "yes, yes.") Well, now, does he not want the money so received to be the best in the world? (Great applause and "sure, sure.") Does he not want that which represents his six days' work to have as much purchasing power as any money anywhere. And when you have received dollars worth 100 cents in purchasing power, you want to know that they will not lose, but keep that 100 cents worth of purchasing power. That is the kind of money we have now and that is the kind of money we propose to continue to have. The money that will buy the most is the money you want, and what you want now is an opportunity to earn it. You cannot earn it through the mints, but through the mills, mines, factories and by honest toil. We can only do the best we know how in this world. We can only follow the light as God gives us to see the light. I believe, my fellow citizens, that with returning confidence and confidence is half the capital of the world—money will come out from its hiding place, be invested in enterprises all over the country and put idle men to work, and so believing, I stand for that policy which will most surely restore confidence.

WATSON'S THROAT TOO SORE.

He Will Be Unable to Upset the Populists Committee's Plans.

THOMSON, Ga., Oct. 13.—Hon. Thomas E. Watson is still confined to his room, and acting under the advice of his physician, Dr. E. S. Harrison.

Dr. Harrison informed your correspondent that while Mr. Watson was improving, his throat was still one complete mass of sores and under no circumstances could he speak in less than 10 or 12 days and that it was very doubtful if he could take the stump again during the present campaign. While your correspondent was unable, due to his illness, to see Mr. Watson, information received from prominent Populists in close touch with him develops that Mr. Watson intended to make a complete tour of Kansas and Colorado with the intention of smashing the present fusion arrangements in those two states.

It develops that National Committeeman Reed last week informed Senator Butler by wire that unless division as Mr. Watson desired there would be trouble in those two states. Senator Butler replied that he was powerless to do anything, but that the national committee would meet in Chicago some time in the near future and ask Mr. Watson to meet them there. It was finally determined that Mr. Reed would meet the committee in Washington and would represent Mr. Watson.

Your correspondent has received reliable information that if a fusion could be arranged for an electoral ticket in Kansas and Colorado, Mr. Watson would then bow to the ruling of the national committee on other matters and enter actively into the campaign in the doubtful states. The condition of Mr. Watson's throat, however, makes it doubtful whether he will be able to make any more speeches.

CLICK U. S. CONSUL SMITH.

Resigns, He Says, For Politics' Sake. Olney Tells the Reason.

WASHINGTON, Oct. 13.—Some days ago Henry Clay Smith of Alabama sent a letter, which he made public, to President Cleveland, resigning as United States consul at Santos, Brazil, giving as a reason that he wanted to return to Alabama to work for Bryan and Sewall. Secretary Olney, in his letter accepting the resignation, says: "It is not deemed a violent assumption that your resignation is tendered in well-grounded anticipation of the probable action of the president upon numerous charges of personal and official misconduct, some of which have been on file in this department for a considerable period, all of which have been called to your attention, and none of which have you either refuted or satisfactorily explained."

"As, however, the acceptance of your resignation by relieving the public service of the injurious consequences of your connection with it answers practically all the purposes that could be accomplished by your dismissal, I am directed by the president to notify you that your resignation is accepted."

MCKINLEY SURE OF VICTORY.

Senator Quay Claims 270 Electoral Votes Are Certain.

NEW YORK, Oct. 13.—At the national Republican headquarters, after a conference of the entire executive committee, the following statement was given out:

"The election of McKinley and Hobart is an accomplished and assured fact. They will receive 270 electoral votes. Bryan will receive 110, and there are six states having 67 electoral votes which are doubtful, but the probabilities all point to the fact that these 67 votes will go into the Republican column and be added to the 270 now assured for McKinley and Hobart. This is the status today. We have the election and will hold it. Our present effort in the west is to this end only. The opposition have abandoned the east."

CHATARD AGAINST BRYAN, TOO.

Another Catholic Prelate Opposed to the Chicago Platform.

INDIANAPOLIS, Oct. 13.—Bishop Chatard of the Catholic diocese of Vincennes says that Archbishop Ireland's criticism of the Chicago platform is most opportune.

He differs from the purely political parts of the archbishop's statement, but especially does he join with Ireland in exploring "the arraying class against class and resulting in dangerous sentiments that may have saddest consequences."

Sept. 17 and 24, and October 1, 8, 15 and
22 account the exposition. The round
trip rate from East Liverpool will be
\$1.55, which includes admission to the
exposition. Excursion tickets will be
good going on regular trains on date of
sale and good returning two days. For
tickets and time of trains apply to Adam
Hill, ticket agent, East Liverpool, O.

A NEW SYSTEM.

Commissioner Finley Will Divide His
Work.

Commissioner Finley and his force
yesterday laid the plank walk on Brad-
shaw avenue from Walnut street to the
gate of the china works. From there to
Avondale street plank was laid on edge,
and a cinder walk will be made later on.
A team and two men will be kept at
work on the paved streets until they are
cleaned, while the commissioner and the
rest of his force will do the outside work.

JACK HASSEY IS BETTER.

Chief Johnson Spent the Night With
Him.

The condition of Jack Hassey is con-
siderably improved today. Chief John-
son remained in the corridor of the jail
during the greater part of last night, and
succeeded in pacifying the unfortunate
man to a great extent. This morning
Hassey was given medical treatment.
With careful attention the doctor says
he will recover. At times he appears
rational but only for a moment.

THE MEAT MARKET.

You Can Get the Very Choice Meats at
Reasonable Prices.

S. M. Severs this morning took charge
of the meat market lately controlled by
R. G. Boyd, and stands ready to cater
to the public in a manner which cannot
fail to please. He will keep the very
best meats, salt and fresh, on the market,
and will also handle poultry and fresh
eggs. Reasonable prices will control.
Leave your orders and goods will be de-
livered promptly.

A BIG FAILURE.

But the Chicago Man Caught No Local
Potteries.

Word reached here today that F. H.
Franke, a crockery dealer of Chicago,
had gone to the wall, and his creditors
were caught for a large amount. Local
potteries will lose nothing, but it is not
the fault of the dealer. He placed or-
ders ranging from \$300 to \$700 with al-
most every pottery in town, but they
grew suspicious, and the ware was not
shipped.

Working Woman's Home Association.

21 S. Peoria street, CHICAGO, Jan. 11 '96.
Our Working Woman's Home associa-
tion used your Honey and Tar six years
ago, and are using it today. It has al-
ways been a favorite, for while its taste
is not at all unpleasant its effects are
very beneficial. It has never yet disap-
pointed us. Wishing you all possible
success, sincerely yours, Laura G.
Fixon, business manager.

more than 200 miles from Pittsburgh, and
Oct. 13 and 14, from ticket stations not
exceeding 200 miles from Pittsburgh, spe-
cial low rate excursion tickets will be
sold to Pittsburgh via Pennsylvania
lines, for annual convention of Brother-
hood of St. Andrew; return coupons will
be valid through to the original starting
point on or before Oct. 20.

You Will Save Money

By reading this. G. R. Pattison, a
skillful workman, will commence the
repairing of watches, clocks and jewelry,
about the 19th of October, in the Brindley
property, 164 Fifth street. Mr. Pattison
has had years of experience. All work
guaranteed. Remember the place, 164
Fifth street.

Many of your friends, or people whom
you know of, have contracted consump-
tion, pneumonia or other fatal diseases
by neglect of a simple cold or cough.
Foley's Honey and Tar, a safe, sure and
pleasant cough medicine, would have
saved them. It is guaranteed.

THE ACTUAL LAW OF THE LAND.
Dollars Must Be Equal in Intrinsic and
Exchangeable Value.

It being the established policy of the
United States to maintain the two
metals on a parity with each other
upon the present legal ratio, or such
ratio as may be provided by law.—
Act of congress, July 14, 1890.

It is the policy of the United States
to continue the use of both gold and
silver as the standard money and to
coin both gold and silver into money
of equal intrinsic and exchangeable
value, such equality to be secured
through international agreement, or
by such safeguards of legislation as
will insure the maintenance of the
parity of value of the coins of the two
metals and the equal power of every
dollar at all times in the markets and
in the payment of debts.—Act of Nov.
1, 1893.

A Few Suits.

F. W. Fowler began suit in the court
of Squire Morley this morning against
the following persons for the designated
amounts: Ben Little, Sr., \$10; Harvey
Plankinton, \$5; Charles Danberg, \$25.
The cause of action is to recover a
balance due on tuition fees. The cases
will be heard Oct. 15.

How They Traveled.

The last issue of the New England
magazine contains an interesting article
on the mode of travel between Cleveland
and Pittsburgh in the old days. Stage
coaches brought the people to Wellsville,
and there they took the boat. The first
railroads of this section are also remem-
bered.

Excursion to Washington, D. C.

October 11th, 12th and 13th, low
round trip excursion tickets to Wash-
ington, D. C., will be sold from ticket
stations on Pennsylvania Lines for
Union Veteran Legion Annual Encamp-
ment, return coupons valid until Octo-
ber 5th.

Straightening the Track.

The street car company are moving
their track at Walker for a distance of
100 feet out toward the edge of the road-
way. The change is being made in order
to straighten the track, and do away
with numerous curves.

Shall It Be 16 to 1?

Silver men say yes, gold men say no.
But all who have used it whether gold
or silver men concede that Foley's
Honey and Tar cough syrup is superior
to all others as 16 to 1.

A Small Fight.

A fight occurred in a Market street
saloon Saturday evening at half past 11,
but from all accounts there was not much
blood shed. No arrests have yet been
made, but it is possible some may fol-
low.

Never Say Die.

Many desperate cases of kidney dis-
eases pronounced incurable have been
cured by Foley's Kidney cure. Many
physicians use it.

Must Sign All Tickets.

Tickets for the Brotherhood of Andrew
meeting in Pittsburgh must bear the
signature of buyers, and to save delay
Agent Hill asks that all who intend
going get their tickets early.

NOTICE.

All first voters are requested
to meet at the Republican
headquarters Tuesday evening
at 7:30.

They Will Shoot.

The gun club will hold a blue rock
shoot in East End tomorrow afternoon.
A number of Wellsville and local shots
will be on hand.

Delayed the Train.

The noon train was delayed half an
hour today near Alliance by a truck of
one coach leaving the track. No serious
damage resulted.

There will be a meeting tomor-
row night of Josiah Wedgewood
lodge. The members of White
Rose lodge are invited to at-
tend.

A Fine Fish.

Richard Deacon caught a bass weigh-
ing 4 pounds and 11 ounces in the
river at the foot of Market street, yester-
day afternoon.

They Met.

The Federal Labor union met last
night and transacted business of a pri-
vate nature.

LOOKING AHEAD.

Discovery. It doesn't work miracles;
but it does what other medicine can't do—
until they see it done right under their noses
—it cures consumption.—Not always; to
say that would be an exaggeration, but
in a large majority of cases; in advanced
cases which have been given up as hope-
less.

The "Discovery" is not called a con-
sumption-cure; it is a blood-maker. It
gives energy to the blood-making organs
to create new blood, full of healthy red
corpuscles. This rapid supply of pure,
rich, red blood drives out all diseases that
have their roots in the blood: Consumption
is one of these; scrofula, malaria,
eczema, erysipelas, catarrh—are others.
It is absurd to doctor them separately as
lung, or skin, or head diseases. They
must be driven out of the blood. You
can rely on the "Golden Medical Dis-
covery" to do this every time.

It is not a patent medicine. It is the
perfect result of 30 years, practical ex-
perience by one of the most skillful phy-
sicians and eminent medical authorities
in this country.—Dr. R. V. Pierce, Chief
Consulting Physician to the Invalids' Ho-
tel and Surgical Institute, Buffalo, N. Y.
Dr. Pierce's last page book, "The People's
Common Sense Medical Adviser," reached the
enormous sale of 600,000 copies at \$1.50 each.
This enormous sale having paid him his
share of the great amount of labor and money ex-
pended in producing it, he is now giving away
absolutely free 500,000 copies, the recipient only
paying the cost of mailing the book to him at the above in-
stitution, at one-cent stamps to cover cost of mail-
ing only, and the book will be sent post-paid.

P. J. GREEN, V. S., TALKS.

**Makes a Public Statement for the
Benefit of our Citizens.**

Veterinary Surgeon Green requires no
introduction to our readers, and on the
other hand our readers can safely be
trusted to draw their own deductions
and arrive at their own conclusions.
Read this. "Some time ago," says Mr.
Green, "while attending a sick horse
belonging to Mr. G. H. Gardner, of 165
Jackson street, he remarked to me that
the horse seemed to be in pain. I re-
plied that I was the sicker of the two,
as I could at the time scarcely straighten
up with my back from lameness, weak-
ness and severe pains. He asked me
what my symptoms were and I explained
to him that I had suffered for a number
of years from my kidneys, that I would
have attacks at times when nothing
would help me and it was agony for me
to get around, but that I could not en-
dure idleness. The secretions from the
kidneys were very high colored and
acidulous, that I had spells of dizziness,
when I would feel my back from lameness,
weakness and severe pains. He asked me
